GatherTown Rules

1- Its mandatory to use headphones if more than a single person is connecting the gather from the same room.

2- When your camera or mic is open nothing inappropriate should be shown, said or played.

3- Only stand in the spotlight tiles if you have something to ask the speakers.

4- You can get any help you need from the IT desks and the HisarCS organizer avatars, you may encounter all organizers in the space as you walk around.

5- Press X to interact with the objects and view all projects, videos and posters.

6- If you're using an Ipad you must use safari to log in and access the platform successfully.

7- You can listen to the live presentations of the projects in the stands by simply walking into the private rooms. If the room is too crowded, please press G to get on top of the crowd and fit into the room. Some speeches aren't live, you can watch these speeches from the backdrops, once more, use X to interact with videos.

8- There will be an announcement made in the lobby before the events starts, so please do not leave the lobby until the announcement is done.

9- You can understand the language room based on the flags stationed in the entrances.

10- The default language of the event is English, please refrain from using any other language while speaking to organizers or asking for technical assistance.

11- You can see which student is giving their speech in which room from the chart sent to you.

12- Any inappropriate or irresponsible actions and plagiarism will result in getting kicked out with no exceptions.
